

SOFEMA TAKES PART IN AFRICA'S LARGEST EXHIBITION OF AIR, SEA AND LAND CAPABILITY

Press release

Levallois, 9th September 2014 - SOFEMA, industry leader in the specialist field of land, sea and air product-sourcing, will participate in the Africa Aerospace and Defence (AAD) 2014 show, the largest air show in Africa and a unique event in South Africa taking place from September 16th to 21st, 2014 at Waterkloof Air Force Base, close to Pretoria. AAD, a premier exhibition of air, sea and land technologies on the African continent, will gather for the 8th time high-level industries from across the world with the common goal to showcase the latest developments in technological innovation.

The African market is an essential hub for SOFEMA who has been growing its presence with new strategic partnerships. SOFEMA will present at the show its aero products and offerings, including a tactical CASA military transport aircraft, completely renovated by its engineers.

« We are pleased to participate in this international event that perfectly complements and enhances our activities and goals. Our presence underscores our commitment to the African market and the development of our operations on the continent », said Frederic Tisserand, SOFEMA Deputy General Manager and Head of Renovation. « With its expertise and strong skills, SOFEMA is a trusted partner that provides to its international customers advanced services tailored to their requirements ».

Africa Aerospace and Defence is a biannual event organised under the auspices of South Africa's Department of Defence, Department of Transport and Department of International Relations and Cooperation. In 2012 the event had a record attendance, hosting nearly 350 exhibitors and 40,000 trade visitors from 28 countries.
